Your Pizza Oven Solution

Professional Pizza Ovens

Nati in Italia, nel 1977.

Made in Rome for nearly 50 years.

Alfa Forni's pizza ovens are born in Italy and combine beauty, craftsmanship, and passion to transform your life.

Handcrafted in Italy

Alfa's headquarters are located in Anagni, between Rome and Naples, in the birthplace of pizza.

The word "artisan" comes from "art." That's why being an artisan now more than ever means combining creativity and skill, energy and passion, to craft something truly unique by hand.

For almost 50 years, our ovens have been recognized worldwide for their quality.

ALFA PIZZA OVENS

Technology, performance, and efficiency with no rivals.

From small workshops to on-the-road food trucks, from bistros to hotels looking to add pizza to their menu, all the way to high-output pizzerias every business can find its ideal pizza oven in the various Alfa Series.

Entirely made in Italy, the new generation of Alfa professional pizza ovens has been fully redesigned and upgraded to deliver cutting-edge cooking performance. Engineered with no compromises, the new Alfa professional ovens are technologically advanced, more energy efficient, easier to use, and offer larger cooking chambers to ensure maximum productivity and perfect results every time.

4 Fuel Types, One Exceptional Cooking Experience!

Wood

Gas

Hybrid

Electric

FOOD TRUCKS, EVENTS & CATERING

The lightest and most compact wood fired and gas oven for on-the-road businesses and front cooking.

CASUAL DINING & RESTAURANTS

The wood-fired, gas, or electric oven for medium output, with the performance of a traditional oven.

BEACH CLUBS & RESORTS

Reliable, fast, and weather-resistant ovens. They deliver high performance even in the most demanding conditions, without compromising the quality of artisan pizza.

PIZZERIAS

Fully refractory ovens or models with a stainless steel dome, ideal for high-volume pizza production.

Alfa pizza ovens

Wide Range of Pizza Ovens

Unrivalled Technology, Performance, and Efficiency

Every business can find its ideal pizza oven among the different Alfa Series.

Entirely made in Italy, Alfa's professional pizza ovens deliver cutting-edge cooking performance and unmatched quality.

Designed with no compromises, the new Alfa professional ovens are energy efficient, easy to use, and feature a spacious cooking surface to ensure maximum productivity and flawless results.

Zeno Series

High-Performance, Compact Professional Electric Ovens

The professional ovens of the Zeno Series, available in two sizes 4 and 6 pizzas are perfect for any type of installation. They do not require a flue and can be easily installed in any kitchen thanks to their compact design. Independent modulation of the three cooking zones ensures perfect results with any type of dough.

Compact

Maximum performance in minimal space, the most compact in its class.

3 Independent Zones

Control the temperature of the floor, top and front vault independently for perfectly managed baking at every stage.

Hood-ready

No smoke emissions and no flue required, allowing for easy installation anywhere.

Quick Series

Lightweight, Fast, and Easy-to-Install Professional Pizza Ovens

Thanks to their various sizes and three fuel options wood, gas, or hybrid the professional pizza ovens in the Quick Series can meet the needs of a wide range of businesses. Easy to install and simple to move, they offer the same productivity as traditional ovens, but with a much smaller footprint.

Napoli Series

Traditional Neapolitan Ovens Durable and Reliable, Made Entirely of Refractory Bricks

The Napoli Series by Alfa, available in various sizes, is perfect for high-output pizzerias. Its refractory brick structure ensures high thermal inertia, even during the longest shifts. Ideal for any type of pizzeria, thanks to the wide range of customizable ceramic mosaic finishes.

Ready to use

Alfa's commercial pizza ovens do not require any masonry work.

Weight

Quick ovens are the lightest in their category thanks to their stainless steel build.

Built-in

Available in multiple configurations: on a wheeled base, countertop, or built-in.

Durability

Fully constructed from refractory bricks for long-lasting durability.

Performance

Its high thermal inertia ensures consistent, top-level performance under heavy use.

Tradition

Napoli ovens embody the true art of Neapolitan pizza.

Alfa pizza ovens

QUICK Series

High-performing, Lightweight, and Easy-to-install pizza ovens.

Food trucks, small workshops, bistros looking to add pizza to their menu, or high-output pizzerias can all find the ideal solution in the Quick Series to fit their space and production needs. Ready to use, Alfa's professional pizza ovens require no masonry work and are compact enough to easily pass through standard doorways.

Small Details, Great Performance.

Double Flue System

The patented Alfa Double Flue System maximizes heat efficiency to minimize fuel consumption and lowers the working area temperature for the pizzaiolo by 20%.

Alfa pizza ovens

ZENO Series

High-performance, compact professional electric ovens

Zeno Series professional electric pizza ovens reach up to 500°C in just 1 hour and 30 minutes, allowing pizzaiolos to bake a wide variety of pizzas with flawless results. The technical features of this series are designed to deliver excellence, combining exceptional performance with minimal energy consumption. The high-density refractory tiles retain heat in the baking chamber better than any other material on the market, while the heating elements distributed across the ceiling and floor allow for modular and precise control.

Hassle-Free Installation

This series matches the performance of traditional Neapolitan wood-fired ovens with maximum energy efficiency and no need for a flue system.

Professional Tools

Everything you need to increase the versatility of Alfa ovens and unleash your culinary creativity in the kitchen.

Wooden Stand

The Alfa stand makes fire management easier by optimizing combustion and allowing you to arrange the wood inside the oven with ease.

Laser Thermometer

The infrared thermometer accurately detects the oven floor temperature, helping you bake at the perfect moment.

Chimney Cowl

Made of durable stainless steel, it is installed on top of the Alfa flue to ensure efficiency and long-lasting performance.

Flue Pipe

Essential for the outdoor installation of professional ovens, it ensures efficient and safe smoke evacuation.

Butterfly valve

Insert with butterfly valve to precisely control the oven temperature from the base of the flue.

Ember Rake

The perfect tool for moving, shifting, and managing fire and embers inside wood-fired ovens.

Wood Holder

It allows you to manage the fire and embers of professional wood-fired ovens with extreme ease.

Hybrid Kit

Patented by Alfa, it allows you to transform the professional gas oven into a wood-fired oven to adapt to your needs.

Pizza Peel

Made with high-quality materials, it is designed to facilitate cooking and managing pizzas in professional ovens.

Small Pizza Peel

Essential for precisely managing the fire and embers inside the oven.

Vertical Brush

For quick and effective cleaning of the oven, it allows you to easily remove ash and residues.

Horizontal Brush

Ideal for thoroughly cleaning the hob, it ensures a surface that is always ready for use.

Professional Peel Set 36cm

36 cm pizza peel, turning peel, vertical brush, and infrared thermometer gathered in a practical kit containing all the essential accessories for baking pizza and cleaning the oven.

Available in two sizes:

- 160 cm
- 190 cm

Laser Thermometer

Useful for accurately measuring the temperature at every point inside the oven.

Small Peel

Made of stainless steel, it is ideal for maneuvering bread and pizza during cooking.

Pizza Peel

Made of anodized aluminum with a beveled front edge, it's the essential tool for safely placing pizzas into the oven without damaging them.

Vertical Brush

Equipped with brass bristles, it can be easily oriented to remove ash and residues.

Professional Peel Set 30cm

30 cm pizza peel, turning peel, horizontal brush, and infrared thermometer gathered in a practical kit containing all the essential accessories for baking pizza and cleaning the oven.

Available in two sizes:

- 160 cm
- 190 cm

Laser Thermometer

Useful for accurately measuring the temperature at every point inside the oven.

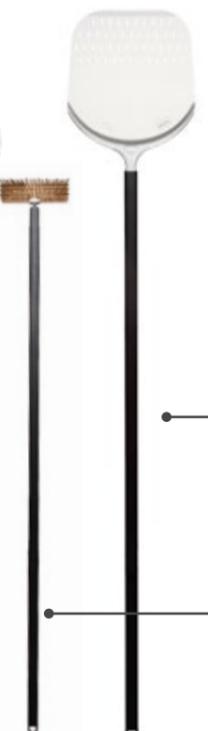

Small Peel

Made of stainless steel, it is ideal for maneuvering bread and pizza during cooking.

Square Pizza Peel

The slight beveled front edge makes transferring the pizza onto the peel easier.

Vertical Brush

Equipped with brass bristles, it can be easily maneuvered to remove ash and residues.

TERMS OF SALE – Eden Arts Co., Ltd. (Thailand)

1. Territory

Eden Arts supplies products within Thailand and selected international markets upon request. Certain brands may be subject to territorial restrictions defined by the manufacturer.

2. Pricing

All prices are based on the latest Eden Arts price list.

Prices are quoted in Thai Baht (THB) and may be subject to 7% VAT unless otherwise stated.

3. Orders & Payment

All orders are subject to confirmation by Eden Arts.

Payment terms are agreed upon at the time of order placement.

Production or shipment will begin after receipt of the agreed payment.

4. Delivery & Shipping

Delivery times are estimates and may vary depending on production, shipping conditions, and external factors.

Shipping costs, installation, and special handling (e.g. crane services) are not included unless specified.

5. Inspection of Goods

Customers must inspect the goods upon delivery.

Any visible damage or discrepancies must be noted immediately with the carrier and reported to Eden Arts within 3 working days.

6. Warranty

Products are covered by manufacturer warranties where applicable.

Improper installation, misuse, or unauthorized modifications may void the warranty.

For certain brands, warranty conditions may be limited to the country of intended distribution.

7. Returns & Refusal of Delivery

In case of unjustified refusal of delivery, transportation and handling costs may be charged to the customer.

8. Product Specifications

All product specifications, dimensions, and designs are subject to change without prior notice.

9. Liability

Eden Arts is not liable for delays caused by shipping disruptions, force majeure, or supplier-related issues.

10. Governing Law

These terms are governed by the laws of Thailand.

Any disputes shall be handled under Thai jurisdiction.
